

BRYM Table

This wooden edition of the BRYM Table contains 16 games especially created for the elderly, including some of the classics such as board games, bingo and solitaire (patience).

In addition to fun brain gym games, this table also creates a special place for social interaction. Thanks to the multitouch display, as many as 4 people can play together at the same time. When playing multiplayer games, the lighting on the sides of the table will indicate whose turn it is.

This table is easy to maintain, and does not contain any loose parts.
