

BH 100-15

Spinner | Product Sheet

Range:	Rotating
Ages:	6+ yrs
Equipment Size:	L 2.80m W 0.34m H 1.62m
Fall Zone:	L 7.24m W 7.24m
Max FHOF:	1.00m

Materials:

-  Compact Laminate Panels (HPL), made of duromer laminated at very high pressure with 2 coloured decorative sides with anti-graffiti and anti-UV treatment.
-  A variety of high-quality metals, such as stainless steel, galvanized steel, and aluminum, are used strategically to maximize strength, corrosion resistance, and longevity in different applications.
-  Bolts and screws made entirely from stainless steel, incorporated with a mechanical antivandalism assembly system using Torx screws with anti-tamper pins.

Play Value:

-  Balance
-  Socialising
-  Rotating
